SECTION I. --International and Pan American Organizations

There are many multi-national interest groups interested in alcohol and drug abuse and/or the system of production, distribution and consumption of alcohol and other chemicals with abuse potential. Thus the following several international and Pan American organizations and selected listing of their printed materials is but a small sample.

At the world level there are the UNITED NATIONS a) Economic and Social Council's COMMISSION ON NARCOTIC DRUGS, b) EDUCATIONAL, SCIENTIFIC AND CULTURAL ORGANIZATION--UNESCO, and c) SOCIAL DEFENSE RESEARCH INSTITUTE--UNSDRI. Then there is the well known International Criminal Police Organization --ICPO, otherwise known as Interpol and the lesser known International Narcotics Control Board.

The WORLD HEALTH ORGANIZATION --W.H.O.-- collaborates with the U.N. COMMISSION ON NARCOTIC DRUGS on such matters as the enforcement of the 1971 Convention on Psychotropic Substances. The PAN AMERICAN HEALTH ORGANIZATION--P.A.H.O.-- and the other four W.H.O. Regional Offices each have activities relevant to substance abuse prevention, treatment and rehabilitation.

Within the United States of America, there are such groups as the NATIONAL COUNCIL FOR INTERNATIONAL HEALTH, the PARTNERS FOR THE AMERICAS, the INTERNATIONAL REHABILIATION SPECIAL-EDUCATION NETWORK--IRSEN, and the US-MEXICO BORDER PUBLIC HEALTH ASSSOCIATION--USMBPHA.

Of special interest are the library and information services of the Institute for the Study of Drug Dependence--ISDD; Centro Mexicano de Estudios en Farmacodepencia--CEMEF; Biblioteca Regional de Medicina y Ciencias de la Salud--BIREME; the International Council on Alcohol and Addiction--ICAA, who co-sponsor this and many other international meetings on alcohol and drug problems annually.

More information about the above organizations follow:

SECTION III --Pamphlets, Posters and Specialist Publishers

Spanish or bi-lingual alcohol and drug abuse literature come from governmental and private sources. Mexico's CEMEF, followed by Puerto Rico's Department of Addiction Services, the County of San Diego and the U.S. National Clearinghouse for Drug Abuse Information are the leaders in the variety of government distributed drug abuse information. As for alcoholism materials the governmental rankings are Costa Rica's National Instituto Sobre Alcoholismo(INSA), Puerto Rico, the County of Ventura, the U.S. National Clearinghouse for Alcohol Information(NCLAI), the Honduras de Departamento de Salud Mental, The Texas Commission, the Arizona State Department of Eduation, and the Florida Alcoholism Treatment and Research Center.

In the non-governmental sector it is much harder to appraise. Alcoholics Anonymous and Al-Anon Family Group,Inc. are by far the leaders (attached to the end of Section III see their latest Spanish translations order forms. Have you noticed that if both staff and clients have Spanish and English versions available you distribute more and possibly use the literature best?) My basic suggestion is to obtain the NCALI's March 1976, 9 page bibliography of Spanish and bi-lingual publications(see NCLAI's entry in Reference Work Section VII), touch base with the National Council on Alcoholism, the Hazelden Foundation and the DO IT NOW FOUNDATION, because the latter will have some useful items in 1978. The Spanish Speaking Mental Health Research Center has some excellent scholarly publications. Follow other leads suggested or gleamed from this Guide; if you come upon some good or not so good surprises, please share them with the author, Joe Partansky. A few annotated mailing addresses follow:

I. CEMEF--Centro Mexicano de Estudios en Farmacodependencia Insurgentes Sur 1991-B-6 piso, Mexico 20, Mexico (905) 550-2548 CEMEF has eight CUADERNOS CIENTIFICOS, the last being devoted to alcoholism; four FOLLETOS on drugs and eight dealing with various aspects of alcoholism prevention; thirteen FOLLETOS TECNICOS; a MEMORIA of its first years and the excellent overview and treatment guide FARMACOS DE ABUSO: PREVENCION INFORMACION, FARMACOLOGICA Y MANEJO DE INTOXICACIONES (1976,238p.). Selected items may still be free; although a postage charge is a possibility, for requests outside of Mexico. (See Periodical Section IV)

II. DEPARTMENT OF ADDICTION SERVICES, COMMON WEALTH OF PUERTO, P.O. Box B-Y, Rio Piedras, Puerto Rico 00928 (809) 763-7575 It has been difficult communicating with Puerto Rico and exchanging ideas and materials. Does the Department currently have a newsletter (see Periodical Section IV)? Is there a list of both its alcohol and drug abuse publications (see pp. 35 and 36 of SPANISH-LANGUAGE HEALTH COMMUNICATION TEACHING AIDS: A LIST OF PRINTED MATERIALS AND THEIR SOURCES--DHEW Pub. No. HSM 73-19--which is listed in Reference Works Section VII)? There is evidence that things are happenning (see the Book Section V under Puerto Rico) I'd like to hear more from P.R.

This national effort is one of the oldest in the world and has a history of excellent publications;however, we are currently lacking an update of INSA's publication's list and clarification on how materials may be ordered outside of Costa Rico-- it's expected soon. INSA has LOS NINOS OLVIDADOS/THE FORGOTTEN CHILDREN By Margaret Cork (see Book Section V) and translated the basic text from Canada's Ofice of Prevention and Treatment of Alcoholism and Other Drug Dependencies which entitled CURSOS POPULARES SOBRE ALCOHOLISM (1975, 110p., INSA) as well as produced its own MANUAL PARA LA ENSENANZA DE ALCOHOL Y ALCOHOLISMO (1975,Oct., 237p., INSA). SECTION VI - THESES

The usefulness of theses is debatable unless they are accessible. I did not have time in my recent Central American trip to identify more than 90 theses on Alcohol and drug problems or the industry. Due to a lack of funds, I have yet to visit Puerto Rico, Chile, Colombia, Argentina and other known sources of potential unlisted works, and much of worth is undoubtedly excluded from this guide.

Please share copies of theses or complete references of them; theses' bibliographies, or reading lists, and please identify how you or your local library depository will copy or make them available in the future.

If there is enough interest, I will attempt to respond in some appropriate way, such as list what I have, or send to each major university a copy of this guide; and, in exchange ask for their help to identify theses in their collections on alcohol and drug problems and the industries.

Please share what you can--theses, ideas, etc.

Thank you,

Joseph V.A. Partansky
